The 1449 forms address disclosures of prior art and relevant art that may pertain to claims of this application and its Divisional applications to soon be filed.

The attached US Art list includes references to Footnotes of Special Interest. Best full or partial copies which Applicant currently possesses of each of the Foreign Patent References are included herewith. Applicant understands that the PTO now supplies its own copies of the US Patents and US Patent Applications cited in new patent applications. If this is not correct and Applicant is required to acquire paper copies from the PTO and then supply them to the PTO, please inform Applicant as soon as possible so that the copies can be ordered from the PTO and sent to the Examiner. Thank you.

The Foreign Patent References are in some cases foreign patents and in other cases patent applications.

Please consider all Previously and Newly submitted references during the examination and reexamination of the present application and claims. Thank you.

Please consider the issue of double-patenting regarding this application and Applicant's other pending U.S. applications which can be readily located by a search of the PTO records for pending applications under the Inventor name of "Brad A. Armstrong". Applicant would be happy to discuss each pending claim with the Examiner. If the Examiner wishes and requests such, Applicant would be more than willing to submit copies of all of his currently pending claims from his many pending US applications. If the Examiner believes that would be helpful, please do not hesitate in requesting such from Applicant. Thank you.

Please consider the issue of double-patenting regarding this application and Applicant's Issued U.S. Patents which can be readily located by a search of the PTO records for issued patent under the Inventor name of "Brad A. Armstrong". If the Examiner wishes additional information, please do not hesitate in requesting such from Applicant. Thank you.

Applicant realizes the instant application and the IDSs are extensive and sincerely apologizes to the Examiner. Please examine the instant claims thoroughly so that Applicant may receive a valid and worthy Patent. Please do not hesitate in requesting anything that might assist the Examiner.
